DETAILED ACTION

1. The restriction requirement between species groups A-F and Groups I-III, as set forth in the Office action mailed on 4/29/03, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claims that requires all the limitations of an allowable claim 1.**

Claims 5-10, directed to species B and group I are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. However, claims 13-44, directed to non-elected species/group remain withdrawn from consideration because they do not recite all of the limitations required of the allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

2. This application is in condition for allowance except for the presence of claims 13-44 directed to species/inventions non-elected without traverse. Accordingly, claims 13-44 been cancelled.

Allowable Subject Matter

3. Claims 1-3, 5-12 and 45-48 are now allowable.
